

## 产品概述

|                              |                                                                      |
|------------------------------|----------------------------------------------------------------------|
| 产品名 ( Product Name )         | CRIS2 rabbit Polyclonal Antibody                                     |
| 货号 ( Catalog No. )           | ATA27518                                                             |
| 种类 ( Category )              | Primary antibodies                                                   |
| 宿主 ( Host )                  | Rabbit                                                               |
| 反应种属 ( Species specificity ) | Human,Mouse                                                          |
| 应用实验 ( Tested applications ) | WB,ELISA                                                             |
| 克隆性 ( Clonality )            | Polyclonal                                                           |
| 偶连物 ( Conjugation )          | Unconjugated                                                         |
| 免疫原 ( Immunogen )            | Synthesized peptide derived from human protein . at AA range: 30-110 |

## 产品性能

|                  |                                                                                                                                                                        |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 状态 ( Form )      | Liquid                                                                                                                                                                 |
| 存放条件 ( Storage ) | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 4 °C for frequent use. Store at -20 to -80 °C for twelve months from the date of receipt. |
| 纯化方式 ( Purity )  | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                  |

## 应用

WB 1:500-2000 ELISA 1:5000-20000

## 产品背景

function:May regulate some ion channels' activity and thereby regulate calcium fluxes during sperm capacitation.,similarity:  
Belongs to the CRISP family.,tissue specificity:Testis and epididymis.,
