

## 产品信息 ( Product Details )

### 概述 ( Summary )

|                                    |                                                                                                                                                                                        |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 英文全称                               | Recombinant Human IFITM1 protein ,C- sumo tag                                                                                                                                          |
| 纯度 ( Purity )                      | >90% as determined by SDS-PAGE                                                                                                                                                         |
| 内毒素 ( Endotoxin level )            | Please contact with the lab for this information.                                                                                                                                      |
| 蛋白构建 ( Construction )              | A DNA sequence encoding the Human IFITM1 (Met1-Phe57 ) was fused with the C-terminal sumo tag                                                                                          |
| Accession #                        | P13164                                                                                                                                                                                 |
| 表达宿主 ( Host )                      | Mammalian cells                                                                                                                                                                        |
| 种属 ( Species )                     | Homo sapiens (Human)                                                                                                                                                                   |
| 预测分子量 ( Predicted Molecular Mass ) | 18.27kDa                                                                                                                                                                               |
| 制剂 ( Formulation )                 | Supplied as solution form in PBS, pH7.5 or lyophilized from PBS, pH7.5 .                                                                                                               |
| 运输方式 ( Shipping )                  | In general, proteins are provided as lyophilized powder/frozen liquid. They are shipped out with dry ice/blue ice unless customers require otherwise.                                  |
| 稳定性&储存 ( Stability &Storage )      | Use a manual defrost freezer and avoid repeated freeze thaw cycles.<br><br>Store at 2 to 8 °C for one week .<br><br>Store at -20 to -80 °C for twelve months from the date of receipt. |
| 复溶 ( Reconstitution )              | Reconstitute in sterile water for a stock solution.A copy of datasheet will be provided with the products, please refer to it for details.                                             |

### 背景 ( Background )

|                            |                                                                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| 分子别名 ( Alternative Names ) | Dispanin subfamily A member 2a,DSPA2a,Interferon-induced protein 17,Interferon-inducible protein 9-27,Leu-13 antigen, CD225,CD225, IFI17 |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------|

### Note

For research use only .
